

# Summer Reading 2024

June 2024

Dear Families,

Reading for enjoyment during the summer is one of life's little pleasures for most of us. Our wish for your children is that they too look forward to reading those books that they didn't have time for during the school year. All students entering sixth, seventh, and eighth grade are expected to read **at least three books** over the summer. We recommend students use sticky notes or take notes to engage more deeply with their reading. Although there is no specific summer assignment to respond to the books, teachers may ask students to respond to their summer reading when they return to school in September.

While curating our lists, we try to choose books that are of high interest to students. The books also vary widely by reading level. If you feel that a book is not at an appropriate level, please help your child choose something else. You may want to read the books alongside your child so you can discuss them together. Some students may want to pair up with friends to read the same book together, too.

The following list is organized by genre. Each list includes a brief synopsis of the book, and some include links to book trailers or short video reviews.

You can check the [Dobbs Ferry Public Library](#) catalog to see if a book is available through the public library system. Continuing students can also see if books are available online through [Sora](#).

Another option for children to continue learning over the summer is through the [Middle School Choice Board](#). The choice board is essentially a grid with a range of activities that gives students the opportunity to choose what they would like to learn and how they would like to show their learning.

Happy reading!

Best wishes,

**Dobbs Ferry Middle School**  
**Suggested Summer Reading for Eighth Grade**  
**Summer 2024**

Students are expected to read any three books this summer, although we hope you will choose to read all summer. Books may be chosen from the suggestions below, but you are not limited to this list. You do not need to write a response to what you have read over the summer, but there will be an assignment when you return to school in September. We do recommend that you use sticky notes or jot down notes in a response notebook as a way to record your thinking as you read.
